Single trip travel medical insurance providing sickness, accident and medical evacuation benefits that offers members:

- The ability to define your deductible and medical limit.

- Includes medical, emergency medical transportation, prescription and AD&D coverage.
- Does not have a pre-certification penalty for inpatient or outpatient care.
- Has options to cover pre-existing conditions.
- Covers illnesses and injuries related to terrorism.
- Offers Trip Interruption and Baggage/Personal effects coverage.
- Streamlines the payment process by working directly with the contracted English-speaking providers in over 180 countries.
